• Polypropylene APP Work Coverall

APP Nr 090612M / 090612S / 090613 / 090614 / 090615

APP work coverall made from 100% Polypropylene ensures good ventilation and prevents overheating and sweating. PP is a lightweight breathable material that features with good tensile strength.

Advantages:

- Lightweight and extremely durable,
- Efficient barrier against dust,
- Good mechanical strength,
- Free of silicone,
- Integrated elasticated hood, hidden stitching of outer seam.
- White zip with a storm flap,
- Elasticated sleeves and legs that ensure total tightness.

Application:

- Protection against dust,
- Preparatory works during top coat application,
- Gardening and clearing works,
- Painting,
- Renovation works,
- Maintenance and repairs,
- Inspections and visits in plants.
